In an effort to support the pipeline of new investigators in kidney cancer research, we present the **AUA Scientific Mentoring Session**

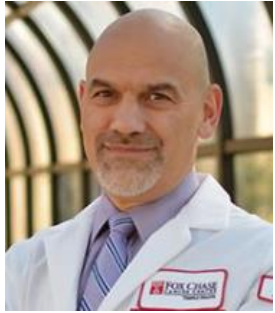

- THANK YOU to KidneyCAN and the KCRS organizers!
- Session Goals
 - Develop a model to incorporate active early-career investigator support/mentoring within the conference setting
 - Provide high quality, constructive feedback on ongoing or proposed kidney cancer research in a supportive environment

- Session Structure

- 5-minute presentations from four early-career investigators
- 8 minutes questions/comments from:
 1. Assigned Mentor
 2. Moderators and Mentor Panel Members
 3. Audience
- Lots of interaction, please, but let's keep on time!
- And now, our moderators, mentors, and speakers...

AUA Scientific Mentoring Session

Moderators and Mentors

Robert G. Uzzo, MD, MBA, FACS
Chair, Department of Surgical Oncology
Kidney, Bladder, and Prostate Cancer TRDG Member
Professor of Surgery
Temple University Health System

Brian I. Rini, MD
Professor of Medicine, Lerner College of Medicine
Leader, GU Program
Department of Hematology and Oncology
Cleveland Clinic Taussig Cancer Institute

Gennady Bratslavsky, MD
Professor and Chair of Urology
Professor of Biochemistry and Molecular Biology
Division Chief of Urologic Male Health
Department Chief of Urologic Oncology
Upstate Medical State University of New York

Alexander Kutikov, MD, FACS
Chief, Division of Urology and Urologic Oncology
Professor, Department of Surgical Oncology
Kidney, Bladder, and Prostate Cancer TRDG Member
Fox Chase Cancer Center

Eric Singer, MD, MA, MS, FACS
Urologic Oncologist
Associate Professor of Surgery and Radiology
Division of Urology and Section of Urologic Oncology
Rutgers Cancer Institute of New Jersey

Brian Shuch, MD
Director of the Kidney Cancer Program
Alvin & Carrie Meinhardt Endowed Chair in Kidney Cancer
Research
UCLA

Association

Advancing Urology™

AUA Scientific Mentoring Session Presentations

Philip Abbosh, MD, PhD
Fox Chase Cancer Center
“Association ccRCC genetics with tumor immune infiltrate and immune checkpoint response”

Brandon J. Manley, MD
Moffitt Cancer Center
“Investigation of aberrant EGFR splice variants in clear cell renal cell carcinoma”

Ken Batai, PhD
University of Arizona
“Integrative approach to understand early-onset clear cell renal cell carcinoma in racially/ethnically diverse patient populations”

Vivek Narayan, MD
University of Pennsylvania
“Evaluating novel biomarker approaches for renal cell carcinoma”
